

PASTURE WALK PLANNED FOR SEPTEMBER 30th

Please Join us September 30th for a pasture walk and discussion at Binksberry Hollow, 4250 Chestnut Road in Wilson, from 6-8 PM. Binksberry Hollow has been providing custom butchery services for years but now is setting up the farm to pasture chickens, pigs, and beef cattle. We will look at Silvopasture for pigs, pasture along Twelvemile creek, and meat chickens use on pasture. The walk will finish with a tour of slaughtering facilities and education facility where customers are shown how to cook and utilize food from the farm.

Binksberry Hollow has received guidance from the Niagara County & Northwest NY Dairy, Livestock & Field Crops Team, Cornell Cooperative Extension, Niagara County Soil and Water Conservation District, and Natural Resources Conservation Services. Together they have planned this pasture walk as an educational opportunity for all.

The pasture walk is free, but preregistration is required due to space limitations. Please call 716-433-8839 or email dif18@cornell.edu by September 29th. Dinner will be provided by the farm. If you have any questions, please contact David Reckahn at 716-434-4949 ext. 4.
